

Y6 SATs Results Meetings

Wednesday 5th July

3:30pm & 6:00pm

Dear Year 6 parents,

The year 6 SATs results are released to school next week. As soon as these results are received, we will collate them and issue them to parents and pupils.

In order to fully understand what the results are telling you regarding your child's achievement, we have arranged a SATs meeting (as advertised in the newsletter-dated 8th June) to explain what the scaled scores and final outcomes mean. We will also be able to explain if your child has achieved or exceeded their target for the end of their primary school education.

Following the explanation, your child's results will be handed to you in an envelope. Undertaking this meeting and providing you with the results personally will mean that we are available immediately to discuss any questions you may have.

Any parents not able to attend one of the meetings will be able to collect the results from myself after the initial meeting. Any results not collected by the following morning will be sent to parents electronically and via post.

We look forward to seeing you at one of the meetings and celebrating our children's successes with you.

Yours sincerely

Mrs B Caisley
Principal
