02.03.2021

In Maths: I am learning:
To measure length

Can I measure length?

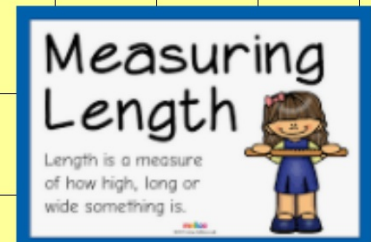

ppt.

Practical Maths

Measure the length of objects in class
(house)?

Show me how you do this.

Use cubes, blocks,
coins, (anything of
a standard unit
size) to measure.

Draw or list
shortest to longest

Vocabulary: length, measure, long, short

02.03.2021

In Maths: I am learning:
To measure length

Can I measure length?

Practical Maths

Look at list and
measure again.

Can you use
a ruler?

Vocabulary: length,
measure, ruler, cms

Measuring Length

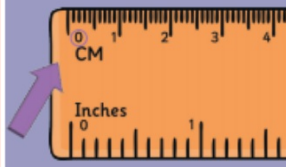

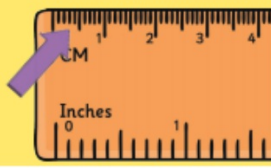

Length is a
of how high,
wide some

Units of Measurement:
Length

How to Use a Ruler

- Place the 0cm mark on the ruler at one end of the object you are measuring. Make sure you are using the centimetre scale. Do not measure from the end of the ruler.
- To find the length of the object to the nearest centimetre, round the length up or down to the nearest number on the ruler.
- Count the number of intervals after the whole centimetre to find the length of the object to the nearest millimetre. Remember: 10mm = 1cm.
- Write down the length of the object in either centimetres or millimetres.
