A message from the PRINCIPAL

Dear Parents,

I can't believe we have only been back at school for 3 weeks. The days are flying by and the children have settled back into school life really positively.

This year, we are having a big focus on culture and routines, aligning routines and expectations under The Sun Academy Way. Despite only recently introducing these, the vast majority of children are already demonstrating these positive learning behaviours which is making their learning more enjoyable.

The children have returned to school looking very smart in their uniform and P.E kits. Please remember that black trainers or pumps are not part of our academy uniform and that on P.E days, school jumper, cardigan or hoodie need to be worn, not black or blue hoodies. This helps all of our children to

look smart and recognise the importance of our rules and expectations as part of our building culture work.

We begin the year by starting our harvest collection. As in previous years, we will be working with St Barnabas' Church to support the Alice charity with our donations. Items can be bought into school from 25th September.

We have an exciting year ahead and I am really looking forward to seeing what our amazing children can achieve.

Safeguarding

This Month's Focus

Seat Belt Safety Child Car Seats Save Lives ! WHAT DOES MY CHILD NEED?

If your child is under 18kgs they need to still be using a full harness or safety shield, this is because their bones aren't fully developed and using only an adult seat belt won't fully protect them just yet. If they are over 18kgs but under 135cm tall, they could use a high backed booster seat for journeys. These seats are designed to provide protection to their head, neck, spine and hips. So it's like providing them with armour and are far safer than just a booster cushion. You may need to remove your vehicle's head restraint to accommodate the high-backed booster seat correctly – never use it to hold the seat down, it's designed to keep your child continuously protected and to move with the child in a collision. Safety Standards and the Road Traffic Law All children under 135cm or 12 years of age must use an approved and appropriate child restraint fitted to the manufacturers instructions (Highway Code Rules 99 - 102)

School Day

A reminder that the doors will now open at 8:40 am and close at 8:50am. Any child that arrives after this time will be classed as late. The day starts with a morning meeting and an early morning task so children are missing out on valuable learning time.

We are currently reviewing our attendance rewards with the children to recognise the efforts that children and family put into ensuring high standards of attendance.

Our attendance currently stands at 97.8% for the first 3 weeks. Please help us in supporting your child in accessing all of the learning during the day.
